

“Looking For A Way Out”

*A Guide to Addiction Treatment
And Education Resources
In Trumbull County & the Surrounding Area*

This publication was produced by the Trumbull County Mental Health and Recovery Board and the Alliance for Substance Abuse Prevention (ASAP). This guide to resources in Trumbull County is for individuals seeking help with substance misuse and addiction. You may be looking for help for yourself or for a friend or family member. We hope this information will open some doors to finding help. Addiction is a complex and crippling condition. The needs are many, but the number of places to turn is growing and changing. Please directly contact agencies listed in this guide for the most current information.

Please Note:

These listings are not intended as recommendation of specific agencies nor can this be considered a complete list of resources. It is an evolving field and we hope to be able to update this informational guide periodically.

IF YOU NEED HELP NOW FOR A DRUG CRISIS OR
MENTAL HEALTH ISSUE
24/7 CRISIS AND REFERRAL SERVICES

Coleman Access Center

Provides 24-hour services for individuals experiencing emotional crisis. Services include consultation and referral, support and emergency mental health and substance abuse assessments. Emergency assessments are available at the Coleman Access Center or the local hospital emergency department. Anybody looking for detox, regardless of ability to pay, should start here.

OVERDOSE EDUCATION AND NALOXONE DISTRIBUTION

Project DAWN of Trumbull County is a completely free community-based drug overdose education and Naloxone distribution program. ***Naloxone is used to reverse opiate overdoses. There is no cost to receive a Project DAWN kit.*** All participants receive 2 vials of intranasal Naloxone in a Project DAWN kit.

Project DAWN Naloxone kits are now available as a free mail order program if you are a resident of Trumbull County. You can click the link below: you will be required to watch the training video, verify that you watched it, complete a questionnaire, and provide your address and contact information so that a kit can be mailed to you. If you have any questions, please call the health dept. at 330-675-2489. Click here for the video: <https://www.surveymonkey.com/r/2MCWKBD>

WALK-IN HOURS

Many times, the desire to stop drinking, or using drugs, comes on suddenly and requires immediate attention. There are a number of agencies in Trumbull County that offer drug and alcohol assessments without an appointment. During a drug and alcohol assessment, questions will be asked to determine whether or not a person has a drug or alcohol problem. The findings of the assessment will be used to connect the individual with the most appropriate level of treatment. Assessments are provided on a first come, first served basis at the following agencies:

Brightview

1924 East Market St

RESIDENTIAL TREATMENT (REHAB)

When people think of drug treatment or “rehab,” they often think of residential treatment. The patient is required to live at the facility for perhaps 1-3 months, or sometimes longer. Without outside distractions, the individual is free to concentrate more fully on recovery. Access to an inpatient program can depend on insurance coverage, or the ability to pay. Some programs are publicly funded but admission may be based on referral from other agencies. Unfortunately, the need for these services is greater than their availability, so sometimes you may be placed on a waiting list. Outpatient counseling or some other supportive plan is advisable while waiting.

SPECIAL POPULATIONS

Every person has their own unique story and every addict has something in common with other addicts. There are certain populations that may benefit from specialized treatment and there are agencies and programs designed to serve them in unique ways. This is not an exclusive list of agencies offering specialized support. Included are some of those emphasizing service to these groups.

ADOLESCENTS***Alta Care Group***

Alta's Alcohol, Tobacco and Other Drug program provides outpatient services to adolescents with a focus on identifying and treating substance abuse issues early in the youths' lives. This includes the WHY program, an assessment and brief treatment service for schools and families to utilize as an "Alternative to Expulsion" option.

1950 Niles-Cortland Rd. NE
Warren, Ohio 44484
330-793-2487
www.altabehavioralhealthcare.org

MORE ADOLESCENT SERVICES:***Highland Springs Changes***

Highland Spring's programming for adolescents and adults ages 8-17 combines PHP and IOP with the same therapist at the same time. PHP participants receive an extra three hours of programming including school group, nursing group, and music therapy every other day. Therapy groups are dependent on the needs of each individual and include a person-centered and solution-focused approach with the utilization of art and narrative therapy and trauma-informed care

34125 Solon Rd.

Solon, OH 44139

(216) 302-3070

DUAL DIAGNOSIS

Dual-diagnosed patients have been diagnosed with both a mental health and substance use disorder. Those with co-occurring disorders face complex challenges. They have increased rates of relapse, hospitalization, homelessness, and HIV and Hepatitis C infection compared to those with either mental or substance use disorders alone.

Glenbeigh

Dually-diagnosed patients participate in specialized groups designed to promote positive self-image and help the patients understand their mental and emotional disorders.

SMART Recovery

SMART (Self-Management and Recovery Training) Recovery is a worldwide, abstinence-based non-profit organization that conducts free online meetings. The SMART 4-Point Program focuses on (1) enhancing motivation to abstain, (2) coping with urges, (3) managing thoughts, feelings and behaviors and (4) developing a balanced lifestyle.

For more information: (330) 330-9560 or jodidoessmart@gmail.com

To find a meeting, visit: www.smartrecovery.org

Recovery Coaches/Peer Supporters

A Recovery Coach, also called a Peer Supporter, is a person who links the newly recovering person to the recovering community, and serves as a personal guide and mentor. Coaches are not therapists and do not offer counseling, therapy or any other clinical services. They are peers who assist people on the path from a life of addiction to a life in recovery. Coaches have personal experience in navigating this path. They help individuals in recovery address areas of their lives that have been negatively impacted by addiction, including housing, education and employment.

RECOVERY SUPPORT FOR FAMILIES

Recovery supports are important for families, whether you have concerns about yourself or need to speak to someone about your relationship with a person with addictive behaviors. “Addiction is a family disease” and its effects are widespread.

Celebration Place

Celebration Place for children is the approved children’s curriculum for Celebrate Recovery using teachings and kid-friendly methods and terms children can understand. While the adults explore topics that bring healing and wholeness, children, aged 5-10 years old, discover the same truths in age-appropriate ways! We strive to partner with parents/caregivers to help break the cycle of dysfunction destroying so many of our families. Children also learn healthy coping skills for life’s tough issues.

The Landing

The Landing for middle or high school students provides a safe place for students to process life and the struggles that accompany it, provides tools to help them live emotionally and spiritually healthy lives, and points them towards freedom. The approved curriculum mirrors the adult Celebrate Recovery curriculum. Through The Landing, students can find a safe place to find help, hope, and healing, break cycles of dysfunction and provide tools for them to live free and healthy lives.
