

Recovery Housing Grant Application

Funding Period: July 1, 2026 – June 30, 2027

PURPOSE

The Trumbull County Mental Health & Recovery Board (TCMHRB) is committed to supporting the recovery of Trumbull County residents through a Recovery Oriented System of Care (ROSC). The TCMHRB believes that the central focus of a ROSC is the creation of an infrastructure that effectively address the full range of substance use problems within our community. Recovery Housing, as defined by the Ohio Revised Code Section 340.01 (A)(3), housing for individuals recovering from drug addiction that provides an alcohol and drug-free living environment, peer support, assistance with obtaining drug addiction services and other drug addiction recovery assistance, is an important part of this continuum of care.

The purpose of this Request for Application (RFA) is to build capacity for Trumbull County residents seeking recovery housing. To aid in this effort, the TCMHRB is dedicating up to \$15,000 a year per recovery house, with a maximum of \$50,000 per owner, for rental stipends to assist Trumbull County residents. Applications will be accepted for funding up to \$500 per month for the 1st two (2) months of a qualified resident's stay, and \$250 per month for up to 8 months. Stipends will be paid as reimbursement for the previous month. No tenant shall receive more than 10 months of rental assistance from the TCMHRB without prior approval. In addition, the TCMHRB will allocate up to \$500.00 per month, per recovery house operator for administrative costs, with a total not to exceed \$6,000.00 for the year.

In alignment with the Trumbull County Mental Health and Recovery Boards' commitment to ensuring high quality services for Trumbull County residents, all recovery houses receiving a Board funded rental stipend must be on file with the Ohio Department of Behavioral Health as required by Ohio Revised Code 5119.391 and a member in good standing of Ohio Recovery Housing. A copy of certification by Ohio Recovery Housing is to be submitted to the TCMHRB. To support this enhancement measure, recovery house operators may include in this application a request of up to \$500 to supplement the cost of Ohio Recovery Housing certification. Five hundred dollars (\$500) will be awarded to each grant recipient to support attendance at the Ohio Recovery Housing Annual Conference. The conference must take place during the grant period.

Agencies/Individuals providing recovery housing may request funds via this application. Any provider that is awarded funding will enter into an Agreement with the TCMHRB prior to receiving any payments. Questions regarding this application should be directed to Lauren Thorp at (330) 675-2765 ext. 119.

INFORMATION REVIEW PROCESS

TCMHRB staff will review each grant submission for completeness and accuracy, requesting clarification or revision, if necessary, from the applicant. Consideration of community-wide needs and financial resources will be central to this review. The TCMHRB staff will visit the property of any recovery house operator who has not previously received funding from the TCMHRB prior to grant approval and at least annually thereafter. Copies of required documentation must be received by the TCMHRB prior to grant approval. Final approval is determined by the TCMHRB Executive Director and contingent upon the approval of funding by the TCMHRB Board of Directors.
